Carolyn Rucker-Phelps, Ph.D.

Family Preservation Program

The mission of the program is to be an intervention for families at risk of possible foster care placement and CSB involvement. The goal is to help these families stay together with the help of therapy, case management and psychiatric consultation for psychotropic medication if needed.

- Conduct home-based child and family therapy of a Behavioral orientation.
- Conduct home visits to assess living conditions and determine if they are safe for the child.
- Consult with teachers, school psychologist, parents and school administrators.
- Conduct intake interviews, diagnostic assessment, and psychological assessment to determine treatment type and diagnosis.
- Consult during psychiatric evaluation.
- Create psychological reports.
- Receive supervision 2 hours weekly.

Aug. 98 **Center for Child and Adolescent Violence Prevention**
 To Psychological Trainee
Aug. 99 Dayton, OH

Hours: 8 hours/week
Supervisor: Janeece Warfield, Psy.D.

Positive Adolescent Choices Training (PACT)

PACT is a nationally recognized, culturally sensitive violence prevention program developed to reduce the risk of African American youth becoming victims or perpetrators of violence. The program is based on behavioral principles of token economy, shaping, reinforcement and modeling. Principle components of the program include: violence risk education, anger management and social skills training.

- Co-facilitated groups of adolescents using a behavioral group training method.
- Consulted with teachers, school psychologists, parents and school administrators.
- Conducted parent workshops and teacher in service related to the intervention model.
- Received supervision (1 hour/week individual, 1 hour/week group) live and with videotape review.

Violence Prevention Training Institute (VPTI)

- Trained other professions at VPTI workshops on the application of PACT model. Participants included national, state, and local service providers working with youth in settings such as schools, churches, and community recreational facilities.

Jan. 99 **Home School Collaboration and Consultation Team**
 To Psychology Assistant
Aug. 99 Dayton, OH

Hours: 6 hours/week
Supervisor: James Dobbins, Ph.D., ABPP

This program is designed to provide a connection between the parents of elementary school children and the school that they are currently attending. The team puts an emphasis on advocacy for the child and ensuring that the child's needs are met. This goal is accomplished through consultation with teachers, parents, and school psychologists to help to facilitate collaboration.

- Attended weekly Individual Education Plan (IEP) meetings.
- Performed weekly classroom observation of referred students and teaching methods of their teachers for later teacher consultation.
- Consulted with and referred parents to other appropriate resources.
- Received live consultation supervision.

~~~~~  
*Clinical & Forensic Psychological Services\* 4630-5 W. Jefferson, Blvd., Fort Wayne, IN 46804 \* (O) 260-418-5336 \* (F) 260-432-6282*

    To                      Psychology Assistant  
Dec. 98                    Dayton, OH

Hours:                    12 hours/week  
Supervisor:              Janeece Warfield, Psy.D.

This practicum site is a Wright State University, School of Professional Psychology run facility that offers training and education to doctoral Candidates as well as psychological services to the community.

- Conducted individual psychotherapy with child and adult clients.
- Maintained client files and records.
- Conducted psychological assessments and created reports.
- Conducted intake assessments.
- Received live consultation and individual supervision.

**RELATED WORK EXPERIENCE**

May 03                    **Project Aftermath**  
    To                      FEMA  
Aug. 03                    Fort Wayne & Bluffton, IN

Hours:                    10 hours/week  
Supervisor:              Ina S. Carlson, Ph.D., HSPP, ABPP

- Provided crisis counseling to individuals and families affected by extreme flooding.

Nov. 99                    **Ruskins Japanese Magnet Elementary School**  
    To                      Psychological Trainee/Consultant  
June 00                    Dayton, OH

Hours:                    4 hours/week  
Supervisor:              Jesse Preciphs, Ph.D.

- Individual student consultation.
- Attended IEP meetings and provided input concerning possible avenues of intervention in the classroom.
- Consulted with principal, teachers, and supporting staff with issues concerning students perceived to have difficulty.
- Performed classroom observations of referred students and teaching methods of their teachers for later teacher consultation.
- Participated in program development planning for future practicum site.
- Received individual and group supervision 1 hour weekly.

Sept. 97                    **Preventing Abuse in The Home (PATH)**  
To                            Psychological Assistant  
Aug. 99                    Dayton, OH

Hours:                     8 hours/week  
Supervisor:               Kathy Malloy, Ph.D.  
                                 Kathy McClosky, Ph.D., Psy.D.

PATH is a domestic violence intervention program designed for male and female batterers to help end their violent behavior. The goal is accomplished by teaching: How the cycle of violence is maintained, helping clients understand the relationship between battering and power dynamics in a relationship, and by teaching anger management and coping skills.

- Planned and co-facilitated batterer's treatment group.
- Communicated with probation officers as necessary.
- Conducted intake interviews/informal assessments to determine the appropriateness for individuals in group.
  
- Conducted psycho-educational domestic violence group in Montgomery County Jail for men and woman.
- Maintained client records and files.
- Participated in treatment team consultations and decisions.
- Received live consultation supervision 1 hour/weekly.

Feb. 99                    **Parent Early Childhood Education-Positive Action Choices**  
To                            **Training (PECE-PACT)**  
May 99                    Miami Valley Headstart  
                                 Dayton, OH

PECE-PACT is a parent training program that provides parents with the opportunity to learn how to teach their children valuable social and behavioral skills, and exercises the use of modeling, role-play, group discussion and homework assignments. Participants learn specific skills that will enable them to: 1) improve communication with their children; 2) implement strategies of behavioral management that promote peaceful conflict resolution; and 3)

encourage parents to be positive examples and role models of self-control for their children.

- Co-facilitated groups of parents using a behavioral group training method.
- Coordinated menu and food preparation weekly for parents and children.
- Received consultation supervision 1 hour/weekly.

June 98                    **Family Life Center, Summer Program**  
    To                      Wilberforce University  
Aug. 98                    Wilberforce, OH

The Family Life Center is a program at 19 historically Black Colleges and universities. It is funded by a federal grant for the purpose of providing violence prevention education to school aged children. The summer program at Wilberforce University provides two-three week sessions that include academic, violence prevention education, and cultural enrichment education segments. The program utilizes tutor-mentors (college students) to work with program participants.

- Administered pre-post tests to obtain outcome measures.
- Administered and scored achievement tests.
- Correlated data for computer entry.
- Consulted weekly with program director.

**RESEARCH EXPERIENCE**

June 00                    **Putting Children First Summer Fellowship Program**  
    To                      Columbia University  
Aug. 00                    Manhattan, NY

Organized by the Center for Children and Families, under the direction of Dr. Jeanne Brooks-Gunn. The fellowship provided instruction and opportunity for social policy development focused on children and their families. Provided weekly seminars hosting professionals across disciplines including policy, law, medical, educational, research, psychological, and political. The program also placed fellows within policy organizations where fellows took part in actual policy development and research that would be heard before Congress.

Sept. 98                    **Program Evaluation – Center for Healthy Communities**  
    To                      Faculty Advisor: Cheryl Meyer, Ph.D.  
Sept. 99                    Dayton, OH

- Collaborated with team members on evaluating a service learning paradigm employed by the Center for Healthy Communities (CHC).
- Created a service learning instrument to measure the effectiveness of the service learning paradigm.
- Facilitated meetings with program evaluation team and CHC to ensure creation and delivery of a quality product.
